QUESTIONS AND ANSWERS.

Measures to bring up Uniformity in the Rates of Supply of Water in the City and Civil Station Areas.

Q.—1244. SRI V. P. DEENADAYALU NAIDU (Cubbonpet).—

Will the Government be pleased to state:—

(a) whether there are any disparities in the rates of supplying filtered water between City and Civil Station areas within the Corporation of the City of Bangalore;

(b) if so, the measures taken by them to remove such disparities?

A.—SRI H. K. VEERANNA GOWDH (Minister for Public Works).—

(a) Yes; there was a difference until 1st April 1956.

(b) A uniform rate has been fixed from 1st April 1956 for supply of water for the whole of the Corporation area.

SRI V. P. DEENADAYALU NAIDU.— Is it not a fact that the distribution of filtered water supply in the Corporation area comprises two agencies, that is, for the City area the Government and for the Civil Station area the Corporation?

SRI H. K. VEERANNA GOWDH.— Hon'ble Member is correct.

SRI V. P. DEENADAYALU NAIDU.— Is it not a fact that in regard to rate of supply of water for the City and Civil Station there are differences?

SRI H. K. VEERANNA GOWDH.— No, Sir, it is not so.

SRI V. P. DEENADAYALU NAIDU.—

Is it not a fact that the Government educational institutions and charitable institutions in the City area get free water supply whereas similar institutions in the Civil Station are charged?

SRI H. K. VEERANNA GOWDH.—

So far as general supply is concerned, the rate is the same for both the City and Civil Station areas. So far as concessions to several institutions are concerned, the question of extending similar facilities to the C. and M. Station is under the consideration of the Government.

SRI V. P. DEENADAYALU NAIDU.—

Will the Government kindly consider the matter at an early date and remove the disparities between the City and Civil Station areas?

SRI H. K. VEERANNA GOWDH.—

I have answered that question.
